ABOUT IMAS

Founded IN 2021 **International Management & Analytics School (IMAS)** also known as **IMAS Business School Kolkata**, is a premier institution recognized for its academic excellence and innovative programs. Committed to shaping global leaders, IMAS Kolkata offers a transformative learning experience that blends theoretical knowledge with practical insights. IMAS Business School stands as a beacon of quality education and industry relevance. With a focus on adaptability and leadership development, IMAS continues to rank among the top business schools in India.

Nestled in Salt Lake Sector V, New Town, Kolkata, IMAS Business School is a distinguished hub for management education. Renowned for its strong industry connections, IMAS Kolkata thrives on world-class infrastructure, an experienced faculty, experiential learning, and an industry-focused curriculum. The institute's global presence has expanded through international partnerships with esteemed business schools and universities in Europe and Asia. As a result, IMAS Kolkata continues to shine as a center for quality education and global exposure.

IMAS goes beyond offering a scholarly and professional atmosphere; it fosters a vibrant campus life essential for holistic student development. IMAS Kolkata plays a pivotal role in shaping the lives and corporate careers of bright young minds and is committed to creating socially responsible, next-generation leaders. Stepping into IMAS Kolkata unveils a world of opportunities, setting the stage for students to carve their unique paths. Once you become a part of IMAS Kolkata, a transformative journey awaits—and there's no looking back.

At IMAS, our primary focus is on enhancing employability. The Training & Placement Cell works closely with industry leaders to ensure that every student secures not just one but multiple job offers.

Our placement cell works tirelessly to ensure that every student has access to quality internships and **job opportunities** in their field of interest. Throughout the year, they organize seminars, workshops, and field visits to connect students with industry leaders and corporate sectors. These events are designed to help students identify their strengths, interests, and career goals while providing them with personalized guidance and support to achieve them.
