IMAS BUSINESS SCHOOL

PGDM PLUS

Website Development & UI/UX Specification

Developer Implementation Document

2 Years • Full-Time • 5 Specialisations • International Immersion

Document Purpose

Master developer hand-off for the IMAS Business School PGDM Plus programme page, covering UI/UX, interactions, curriculum architecture, responsive behaviour, CMS, SEO, media and conversion requirements.

Critical principle: Build an interactive Business School programme experience, not a static prospectus converted into a webpage.

1. Page Objective

Create a premium, modern, highly interactive PGDM Plus programme landing page covering programme information, curriculum exploration, specialisations, expert testimonials, international exposure, placements, career pathways and admission conversion.

2. Page URL & Global Direction

Item	Requirement
URL	/programs/pgdm-plus
Positioning	Premium Business School + Modern Management Education + Industry-Oriented + International + Career Focus
Avoid	Text-heavy layouts, crowded curriculum tables, excessive gradients, excessive animation

3. Hero Section

Full-width premium hero. H1: **Build Management Expertise. Develop Specialised Skills. Become Industry-Ready.**
Supporting copy: Two-year, full-time postgraduate management programme combining management fundamentals, specialised learning, practical tools, industry exposure and career preparation.
Badges: 2 Years | Full-Time | 5 Specialisations | Dual Specialisation Option | Summer Internship | International Immersion.

■18.5 LPA	100%
Highest CTC	Placement Assistance

CTAs: APPLY NOW | DOWNLOAD BROCHURE | TALK TO AN ADMISSIONS COUNSELLOR

Mandatory wording: 100% Placement Assistance. Do not change to 100% Placement.

4. Sticky CTA

Desktop sticky bar: PGDM PLUS | ■18.5 LPA Highest CTC | 100% Placement Assistance | Apply Now. Mobile fixed bar: APPLY NOW | DOWNLOAD BROCHURE.

5. Programme Snapshot

Field	Value
Duration	2 Years
Mode	Full-Time

Field	Value
Structure	4 Semesters
Year 1	Common Management Foundation
Year 2	Specialisation
Internship	8–10 Weeks
Specialisations	5
International Exposure	International Immersion Programme
Final Project	Industry-Based Capstone

6. Programme Architecture

Use desktop horizontal / mobile vertical timeline: **YEAR 1** → Common Management Foundation → **8–10 WEEK SUMMER INTERNSHIP** → **YEAR 2** → Specialisation → **INDUSTRY-BASED CAPSTONE**.

7. Why PGDM Plus

Management Foundation

Strong base in management, economics, finance, marketing, HR, operations, research and communication.

Specialised Expertise

Deeper learning in one of five career-oriented specialisations.

Practical Tools

Business analytics, dashboards, CRM, modelling, HR systems, healthcare systems, ERP and SCM tools.

Industry Exposure

Internship, live projects, cases, simulations and capstone.

Global Perspective

International academic/business exposure through International Immersion.

Career Preparation

Communication, presentation, interview-readiness and employability skills.

8. Expert Testimonials — YouTube Video Section

Placement: After Why PGDM Plus and before detailed curriculum. Create two CMS-controlled video cards.

Component	Requirement
Video 01	YouTube thumbnail/player → Expert Name → Designation → Organisation → Expertise → optional 2-line description
Video 02	Same structure

Component	Requirement
CMS fields	Name, Designation, Organisation, Expertise, YouTube URL, Thumbnail, Description, Display Order, Active/Inactive
Behaviour	No autoplay. Lazy-load YouTube iframe on click. Desktop 2 columns; mobile stacked.
Suggested themes	Industry relevance of management education; future management careers and emerging skills.

CTA: EXPLORE THE PGDM PLUS CURRICULUM →

9. Specialisations

Specialisation	Description	Career Areas
Marketing Management	Consumer behaviour, branding, digital marketing, sales and marketing analytics.	Marketing, Brand, Digital, Sales, Business Development, CRM, Growth, CX
Finance Management	Corporate finance, investment analysis, valuation, risk and FinTech.	Financial Analysis, Corporate Finance, Banking, Investment Research, Risk, Treasury
Human Resource Management	Talent, performance, HR analytics, leadership and organisational development.	Talent Acquisition, HR Analytics, L&D;, Employee Relations, HRBP, Talent
Hospital Administration & Healthcare Management	Hospital operations, healthcare finance, quality and health informatics.	Hospital Administration, Healthcare Operations, Quality, Health Informatics, Consulting
Logistics & Supply Chain Management	Procurement, logistics, inventory, transportation and supply-chain analytics.	Supply Chain, Procurement, Logistics, Warehousing, Inventory, Transportation

10. Dual Specialisation

Create a distinct feature block: **DUAL SPECIALISATION OPTION**. Copy: Build cross-functional management knowledge by combining permitted specialisation areas, subject to applicable programme and academic rules. Do not present it as a sixth specialisation.

11. Curriculum — Critical Academic Logic

NON-NEGOTIABLE: Semester I + II are common to all specialisations. Semester III + IV are specialisation-specific. This distinction must be obvious in the UI.

12. Year 1 Curriculum — Semester Tabs

Create tabs **SEMESTER I | SEMESTER II**. Label: **COMMON MANAGEMENT FOUNDATION — ALL SPECIALISATIONS**. Client-side switching; no page reload.

Semester I	Semester II
Principles of Management & Organisational Behaviour	Marketing Management
Managerial Economics	Financial Management
Financial Accounting & Analysis	Human Resource Management
Business Statistics & Quantitative Techniques	Operations & Supply Chain Management
Business Communication	Business Research Methods & Analytics Lab
Indian & Global Business Environment	Digital Transformation & Emerging Technologies

13. Summer Internship

Immediately after Year 1: **8–10 WEEK SUMMER INTERNSHIP — From Classroom Learning to Industry Exposure.** Cards: Industry Exposure | Practical Application | Professional Skills | Career Awareness.

14. Year 2 — Specialisation + Semester Tabs

Use two-level tabs. Level 1: **MARKETING | FINANCE | HR | HEALTHCARE | LOGISTICS & SCM**. Level 2: **SEMESTER III | SEMESTER IV**.

MARKETING

Semester III	Semester IV
Consumer Behaviour & Neuromarketing	Strategic Marketing Management
Brand & Product Management	Retail & E-Commerce Management
Sales & Distribution Management	International Marketing
Digital & Social Media Marketing	Services Marketing
Marketing Analytics & CRM	Marketing Simulation & Case Lab
Integrated Marketing Communications	Capstone Project — Industry-Based

FINANCE

Semester III	Semester IV
Corporate Finance	Strategic Financial Management
Financial Markets & Institutions	Mergers, Acquisitions & Corporate Restructuring
Cost & Management Accounting	International Finance

Semester III	Semester IV
Investment Analysis & Portfolio Management	Risk Management & Derivatives
Financial Modeling & Analysis	FinTech Applications in Finance
Business Valuation	Capstone Project — Industry-Based

HR

Semester III	Semester IV
Talent Acquisition & Management	Strategic Human Resource Management
Training & Development	Change Management
Performance & Compensation Management	Leadership & Succession Planning
Labour Laws & Industrial Relations	Employer Branding & Employee Engagement
HR Analytics	HR Simulation & Case Lab
Organizational Development	Capstone Project — Industry-Based

HEALTHCARE

Semester III	Semester IV
Healthcare Systems & Policies	Strategic Hospital Management
Hospital Operations Management	Healthcare Laws & Ethics
Healthcare Finance	Public Health Management
Medical Records & Health Informatics	Digital Health & Telemedicine
Quality Management & Patient Safety	Hospital Case Study & Simulation Lab
Healthcare Human Resource Management	Capstone Project — Industry-Based

LOGISTICS & SCM

Semester III	Semester IV
Logistics Management	Strategic Supply Chain Management
Procurement & Vendor Management	Global Logistics & International Trade
Warehouse & Inventory Management	Sustainable Supply Chain Management
Transportation & Distribution Management	Risk & Resilience Management
Supply Chain Analytics	SCM Simulation & Case Lab

Semester III	Semester IV
ERP & SCM Systems	Capstone Project — Industry-Based

15. Experiential Learning

Create six visual cards: LIVE PROJECTS | CASE STUDIES | SIMULATION LABS | SUMMER INTERNSHIP | INDUSTRY CAPSTONE | PRESENTATIONS & VIVA.

16. Tools & Skills — Specialisation Tabs

Mandatory tabs: MARKETING | FINANCE | HR | HEALTHCARE | LOGISTICS & SCM. Only selected specialisation content is visible.

MARKETING

Google Ads & Meta Ads • Marketing Analytics & Dashboards • Power BI • Google Analytics • HubSpot / Zoho CRM • Campaign Planning & ROI Measurement • Customer Journey & Experience Mapping

FINANCE

Advanced Financial Modelling — Excel • Power BI • Valuation & Forecasting Models • Investment & Portfolio Analysis Tools • Risk & Derivatives Analysis Tools • FinTech Platforms & Applications

HR

Applicant Tracking Systems • HR Analytics & Dashboards • Excel / Power BI • Payroll & Compliance Systems • Performance Management Tools • Employee Engagement & Survey Tools

HEALTHCARE

Hospital Information Systems • Healthcare Quality & NABH Tools • Healthcare Finance & Costing Tools • Patient Flow & Operations Dashboards • Medical Records & Health Informatics Systems

LOGISTICS & SCM

ERP / SAP — SCM Modules, Simulation Based • Supply Chain Analytics • Excel / Power BI • Inventory & Demand Planning Tools • Warehouse & Logistics Management Systems • Transportation & Network Optimisation Tools

17. International Immersion — Destination Tabs

Mandatory: Create destination tabs, not four static paragraphs.
Tabs: DUBAI | SINGAPORE | THAILAND | BALI, INDONESIA.
Layout: desktop 50/50 image + content; mobile image → content → CTA. Include academic exposure, business exposure, international perspective and cultural experience.

Qualification to display: International Immersion destinations, institutional visits and programme components are subject to the academic schedule, partner availability and applicable programme arrangements.

18. Assessment Framework

50%	**30%**	**20%**

Theory Examination	Tool / Lab / Skill-Based Work	Viva / Project / Case Defense

19. Placements & Career Support

Placement must be one of the strongest visual sections and must not be buried.

■18.5 LPA	100%
Highest CTC	Placement Assistance

Support cards: Resume Development | Interview Preparation | Group Discussion | Business Communication | Employability Preparation | Industry Exposure.

20. Career Pathways — Specialisation Tabs

Tabs: MARKETING | FINANCE | HR | HEALTHCARE | LOGISTICS & SCM. Clicking a tab changes career areas.

MARKETING

Marketing • Brand Management • Digital Marketing • Sales • Business Development • Growth Marketing • CRM • Customer Experience

FINANCE

Financial Analysis • Corporate Finance • Banking • Investment Research • Risk Management • Treasury • Finance & MIS

HR

Talent Acquisition • HR Analytics • Learning & Development • Employee Relations • HR Business Partner • Talent Management

HEALTHCARE

Hospital Administration • Healthcare Operations • Quality & Patient Safety • Health Informatics • Healthcare Consulting • Public Health Management

LOGISTICS & SCM

Supply Chain Management • Procurement • Logistics • Warehousing • Inventory Management • Transportation • Supply Chain Analytics

21. Eligibility

Display: “Bachelor's degree from a recognised university/institution, subject to applicable programme and admission requirements.” Do not hard-code additional criteria until approved.

22. Admission Process

Four-step process: **01 APPLICATION** → **02 APPLICATION REVIEW** → **03 COUNSELLING / SELECTION** → **04 ADMISSION CONFIRMATION**. Desktop horizontal; mobile vertical.

23. Fee Structure

Display Total Programme Fee, Semester-wise Fee, Admission Charges, Other Mandatory Charges and Optional Charges where applicable. Do not insert figures until approved.

24. FAQs

Accordion containing: What is PGDM Plus? Duration? Are Semester I/II common? When does specialisation begin? Specialisations? Dual Specialisation? Summer Internship? Tools? International Immersion? Assessment? Highest CTC? Placement Assistance? Career opportunities?

25. Final CTA

23. Fee Structure

Display the approved programme fee structure clearly. The fee breakdown below must be CMS-editable and displayed consistently wherever fees are shown on the PGDM Plus page.

Fee Component	Amount
Programme Fee	■5,45,000
Admission Fee	■50,000
Other Applicable Charges	■21,600
Total Programme Fee	**■6,16,600**

Developer note: Fees must be validated against the latest IMAS-approved fee schedule before publication.

International Immersion	50/50 image + content	Image → Content → CTA
Placement metrics	Two cards	Stacked
Admission	Horizontal timeline	Vertical timeline
Expert testimonials	2 columns	Stacked cards

27. Animation & Interaction

Use subtle fade/slide transitions, tab transitions, number count-up and hover elevation. Avoid autoplay, excessive parallax, continuous animation and auto-changing curriculum tabs.

28. SEO

Element	Implementation
Page Title	PGDM Plus | PGDM Course in Kolkata | IMAS Business School

Element	Implementation
Meta Description	Explore PGDM Plus at IMAS Business School — a 2-year full-time management programme with 5 specialisations, summer internship, practical tools, international immersion and placement assistance.
H1	PGDM Plus
Keyword themes	PGDM, PGDM Plus, PGDM Kolkata, PGDM in Kolkata, PGDM course, PGDM admission, PGDM curriculum, PGDM specialisations, PGDM placements
Schema	Course, FAQ, Breadcrumb and Organization schema where applicable

29. Internal Linking

Link to:
/programs/pgdm-plus/marketing-management
/programs/pgdm-plus/finance-management
/programs/pgdm-plus/human-resource-management
/programs/pgdm-plus/hospital-healthcare-management
/programs/pgdm-plus/logistics-supply-chain-management

30. Image Requirements

Use high-quality licensed imagery for hero, each specialisation, internship, Dubai/Singapore/Thailand/Bali and placement/corporate environments. Avoid low-quality generic stock.

31. Performance

Compress images; use WebP/AVIF where supported; lazy-load below-fold images; minimise third-party scripts; optimise fonts; protect Core Web Vitals; prevent layout shifts.

32. Accessibility

Keyboard-accessible tabs; ARIA tab roles; visible focus; alt text; sufficient contrast; accessible accordions; accessible buttons; semantic heading hierarchy.

33. CMS Requirements

Make programme information, fees, eligibility, admission dates, placement metrics, curriculum, tools, immersion destinations, Expert Testimonials and FAQs editable without code changes.

34. Content & Data Governance

Developer must not independently modify factual claims. IMAS approval is required for placement statistics, fees, eligibility, admission criteria, regulatory statements, partner names, international details, CTC methodology, recruiter numbers and placement claims.

35. Final Component Map

Hero → Placement Highlights → Programme Snapshot → Why PGDM Plus → Expert Testimonials → Programme Architecture → Specialisations → Dual Specialisation → Year 1 Curriculum (Semester I/II tabs) → Summer Internship → Year 2 Curriculum (Specialisation + Semester III/IV nested tabs) → Experiential Learning → Tools & Skills (Specialisation tabs) → International Immersion (Destination tabs) → Assessment → Placements → Career Pathways (Specialisation tabs) → Eligibility → Admission → Fees → FAQs → Final CTA.

36. Non-Negotiable Development Requirements

1. Semester I and II must use tabs.
2. Semester I and II must be clearly labelled common to all specialisations.
3. Semester III and IV must be specialisation-specific.
4. Year 2 must use Specialisation Tabs + Semester Tabs.
5. Tools & Skills must use Specialisation Tabs.
6. International Immersion must use Destination Tabs.
7. Career Pathways should use Specialisation Tabs.
8. ■18.5 LPA Highest CTC must be highly visible.
9. 100% Placement Assistance must be highly visible.
10. Page must be fully responsive.
11. Page should be CMS-friendly.
12. Page must be SEO-ready.
13. Page must remain uncluttered despite complete curriculum information.
14. Two Expert Testimonial YouTube videos must be CMS-controlled, lazy-loaded and responsive.

37. Final Design Philosophy

DISCOVER → UNDERSTAND → EXPLORE → TRUST → APPLY

The visitor should be able to understand the programme, curriculum, specialisation options, tools, practical exposure, international exposure, career pathways, placement support and admission process quickly.

The final page must feel like a digital Business School programme experience, not a PDF prospectus placed on a website.

DEVELOPER HAND-OFF

This document is the master implementation specification for the PGDM Plus programme page. Implement UI/UX, content, interactions, responsive behaviour, CMS fields and SEO requirements against this specification and validate final factual data with IMAS before launch.
